The Western Allies appear less afraid of spies than they used to be. Gen. Louis Clegg, American Military Governor of Western Germany, has issued a statement in the past few days for spying in the western zone. The English, Polish and American soldiers, has had his 30-year sentence reduced to 15 years.

GENERAL CLEGG

The Russians are afraid of plenty of trouble these days from an unexpected source. Germans in the Eastern section of the former Reich are putting pressure on Moscow to lift the Berlin blockade. Pressure arises from desire to resume trade with West Germany. Trade will not be resumed, say the Americans, until the Soviet lend blockade of Berlin is lifted.

Medicine

Muscle milk costing \$10,000 a quart, is being used to explode the mystery of cancer. Two U.S. scientists have announced that breast cancer in mice is caused by a virus. Thousands of mice were milked to obtain the quart used in the research.

Armed Services

The United States claims a deadly air weapon that could bring about the surrender of an enemy anywhere in the world. Top U.S. Air Force commanders claim they have in the B-36 and B-50 bombers, planes that could bomb-on to home bases. Return their lethal load. Bases in Central U.S.A. and Canada would be used by the intercontinental air fleet in preference to coastal bases, it was stated.

Europe

Western Allies face a crisis during the next 10 days in Paris for their all-out German government. Military government agencies are pessimistic over the outlook at the German capital. The Allies are deadlocked over the question of central versus provincial authority.

Espionage

Gerhart Eisler, the man labelled America's "No. 1 Communist," must serve one to three-year jail sentence. The U.S. turned down Eisler's appeal.

Communal Property Act Withstands Test

LETHBRIDGE, Alta., April 18.—(CP)—Alberta's Communal Property Act, passed by the provincial legislature two years ago to restrict trustees and others in expanding their communal land holdings, has successfully withstood its first test case before the courts.

Handing down his judgment Saturday in the first appeal against an order issued under the act, and an appeal in which the validity of the act was questioned—Judge E. R. Fries dismissed the appeal for permission to buy 1,600 acres of land from Thomas Henry Hain, the wanted land adjoining the railway six miles east of Edmonton.

The appeal was instituted by the East Cardston Rural council against the rejection of its application for permission to buy 1,600 acres of land from Thomas Henry Hain, the wanted land adjoining the railway six miles east of Edmonton.

The application was rejected by J. M. Forbes of Edmonton, director of assessments for the province, who must review applications involving expansion of communal land holdings and decide whether the applications can be granted in keeping with the communal property act.

APPLICATION REJECTED
Negotiations for permission had been under way since last May 15 and had culminated in a hearing before Mr. Forbes last Feb. 25. He had rejected the application on the grounds that the council did not have the Hain lands under lease since March 1, 1946, and did not have any lands taken away from the province for irrigation or any other purpose, and therefore did not come under any provision of the act whereby the application could be granted.

BETTER THAN CAVE MAN'S
Inventor Spends Years Perfecting Oval Wheel

NORTH TORONTO, N.Y., April 18.—(AP)—Remember the old bump-rider "egg" about square wheels? Well, spot laughing—a man here has invented oval ones. They work too.

John P. Knapton, 40, said he had been working on the idea for 10 years. The object, he explained, is to give more "digging" power for heavy going through mud or snow.

The problem of a smooth ride has been solved. The wheels come in pairs one ahead of the other. They are mounted on a rubber arm and are synchronized so that when the flat side of one

is on the ground the other is on its peak. "When they go around they appear to be 'walking', but the forward motion of the axle is steady."

What does the inventor think of his device?
"It's the first improvement on the principle of the wheel since the days of the cave man, he says."

NEW YORK, April 18.—(AP)—Another big league baseball season is on its way today and there is reason to suspect that it will be one of the greatest ever, both competitively and in money poured through the wicket window. For more than a month fans have been breaking down the gates to watch exhibition games in the south and west, and club treasurers are grousing with the proceeds of record advance sales.

Washington Senators, as usual, will join the fun in the American League race in a game against Philadelphia Athletics at Washington. President Truman has agreed to toss out the first ball, but he won't say with which hand.

Kings Regain Form To Whip Buffs 4-1

CALGARY, April 18.—(CP)—The Canadiens' vaunted Wheat Kings Saturday night showed why they are rated one of western Canada's great junior hockey teams by whipping Calgary Buffs 4-1 to square the western Canada junior hockey final at one game each.

The Manitoba club dizzied a Calgary team that had been in a slump with a display of airtight defensive hockey that completely backed the game but out-clashed the Buffs.

Leafs Write New Page in NHL Book

Fans Go Wild as Toronto Rallies to Cop Stanley Cup

TORONTO, April 18.—(CP)—Toronto Maple Leafs beat down the leg-weary Detroit Red Wings 3-1 Saturday night and became the first team to win the Stanley Cup three times in a row since it became the symbol of world professional hockey supremacy.

The crowd of 14,544 fans, six short of capacity in Maple Leaf Gardens, went wild as Leafs literally turned the National Hockey League champions into the ice and came from behind to sweep the best-of-seven series in four straight games.

The Toronto triumph was a new page for hockey's record book. They added these facts to the 25-year NHL record: First club to win the trophy three consecutive times; first to win it six times; first to win it five times in eight seasons. And it was the fifth cup in 11 months as a coach for Clarence (Hap) Day.

The trophy Lord Stanley of Preston donated in 1892 was carried out to centre ice as the Red Wings skated up to congratulate the winners. Clarence Day, NHL president, presented it to the Leafs. Detroit's coach, Alvin Snider, and captain of the Toronto club, Ted Kennedy, were also present.

Wings fought doggedly to halt the Leafs' winning streak. They scored first goal, Lefty Hargreaves, in the first period. But Detroit's coach, Alvin Snider, and captain of the Toronto club, Ted Kennedy, were also present.

SPORT

By STAN MOHER, Sports Editor
Ornstein's "Great Thrill"

Harry Ornstein, one of the last of the "stragglers" to return from the hockey wars, is back in circulation again (local debutants please take note).

Fresh—well maybe not too fresh, considering that the puck season is dragged out so these times—from a season of refereeing in the United States league the young man from Edmonton's west-end had to stick to the bitter, if financially profitable, end because of playoff commitments.

Ornstein's biggest single lift of the campaign that is all but completed, except for the over-sized Canadian Shamrock Hockey association program. It's more like a filibuster on ice came when the NHL called him for three games.

One great thrill, a wonderful experience," he says of his brief stint as a lineman in the big tent. "One of those rare two-way stretch officials (he's a baseball umpire in the summer months) Ornstein is undecided as to his immediate plans. "About all I know is I expect to be around for the next three weeks, at least," he explained.

Wings Prave Soft Touch

Elsewhere on the hockey front Toronto Maple Leafs completed their mopping up chores at the expense of a worn-out Detroit Red Wing machine.

It took a long time to put out the pace all season long, as Wings did, doubly tough to come through one of those gruelling, seven-game NHL semi-final series in one piece. Montreal Canadiens took most of the sting out of the Motor City crew before "Happy" Day's comparatively well-rested aggression from Hogtown ever got to it.

Looking back—and they'll have plenty of opportunity to do so for the next few months—members of the Montreal Canadiens would be wondering about life and how you can get slapped down, even when you're trying to do the right thing.

In their last game of the regular league schedule the Detroiters edged Canadiens 2-1. This made certain that the two teams would come to grips in the semi-final.

Had Wings dropped the finals Canadiens would have vaulted over Boston into second place behind the Detroit club. In which case it would have been Red Wings-Boston, Montreal-Toronto in the semi-final round.

And what a difference this might have made, with Canadiens taking it out on Leafs instead of Wings in the opening seven-game test.

McGill, Chad, Brown to Fore

However it's water under the treble by now. The vaunted Leafs, who rested in the weeds throughout most of the campaign while finishing fourth, must be considered worthy world champions.

That triumph Saturday night was the 12th in succession over Red Wings in Stanley cup competition, Leafs have shown clearly that they know how to handle the best shots of Ivan's mob from Michigan.

Last night's win-up in the American loop, as Providence Reds, coming from the brink of seeming certain series defeat, swept Hershey aside in the clincher, came close to being an all-Edmonton affair.

For the winners Jack McGill, as though again to emphasize his acknowledged razor-keen competitive qualities, fired a pair of goals, quite a contribution when the margin is by 4-2. As well Johnny Chad, one-time EAC wing, added a third.

Big star in the Hershey camp was Jerry Brown, ex-South Riders, ex-Imperial of the old Alberta Senior Six circuit. Always rated a hard-knockin' pucker Brown counted one marker for the Chocolate Soldiers, likewise made the play for the second.

Tag-ends remaining to the hockey season are the Allan and Memorial cup playdowns, now moving into the final stages. Above them the only thing certain is that they'll be finished off—eventually.

In fact the morning line is 2-1 that Al Pickard gets the whole thing cleared up before June 15. Any takers?

City Products Star As Reds Snatch Title

PROVIDENCE, April 18.—(CP)—Coach Terry Reardon's Providence Reds last night won the Calder Cup and the American Hockey league by defeating Hershey Bears 4-2. They took the final best-of-seven games series, four games to three.

The Auditorium crowd of 7,500 was the largest ever to attend a hockey game in this city.

Reds carried all their scoring into the first period while Bears notched their two goals in the second.

Victory clinched a stirring comeback by the Reds, who won the final three games after Bears had taken three of the first four decisions.

CITY WELL REPRESENTED
Jack McGill, Edmonton's veteran center, passed Reds' attack with two goals and one assist. Linemate Johnny MacNeil, ex-Edmonton junior, and defenseman Art Michalski made the other Providence tallies. Jerry Brown, another Edmonton product, and Gordon Brown scored for Hershey.

McGill delivered the decisive 35th of Reds' tally at 3:00 when the Bears were short-handed. Chad made it 2-0 just as the 12th minute ticked away. Brown scored 45 seconds later on a breakaway and Michalski then clicked on a short shot at 17:57 to make it 4-2.

PLAY IT SAFE
Reds played it safe throughout and attacked only on opportunity. Bears carried the play in their own half and delivered twice. Brown clicked on a lifeline after a long pass from Billie McLaughlin at 5:40 while Brown scored on Bears rebound at 15:00.
Bears continued to threaten but the Providence defense stood the test.

RUTHERFORD CHIEF OF WEST PIN BODY

SASKATOON, April 18.—(CP)—Jim Rutherford of Edmonton was elected president of the Western Canada Five-Pin Bowling association at the annual meeting here yesterday. Manie McNabb of Edmonton was named secretary and Fred Stewart of Edmonton, treasurer.

In their last game of the regular league schedule the Detroiters edged Canadiens 2-1. This made certain that the two teams would come to grips in the semi-final.

Royals Vault Barrie To Gain Junior Final

TORONTO, April 18.—(CP)—Two goals by shiftier Gordie Knutson sparked Montreal Royals into the Memorial Cup finals with a 5-4 victory over Barrie Flyers Saturday afternoon that gave them their eastern Canadian junior hockey series in four straight games.

Royals won the first game of the best-of-seven series 3-1, the second 6-3 in overtime and the third 2-1. They will meet Brandon Wheat Kings or Calgary Buffaloes in the Dominion title.

A Maple Leaf Gardens crowd of some 9,000 fans saw the rancorous Knutson break a 2-2 deadlock early in the third period with two goals within four minutes and send Royals to their 10th playoff victory in 17 starts.

The 19-year-old Regina product was named the game's star as he started for the new eastern champions with a sparkling performance of passing and back-checking.

The all-Ontario champions made a last-ditch attempt to tie the game up in the 20th seconds of play when they scored on a rebound. But goalie Bobby Bice beat-off the face-off.

SWEET VICTORY
For coach Tag Miller's Royals, it was a sweet victory. They were given little chance against the highly-touted Flyers before the first period ended in a 1-1 tie.

First period ended in a 1-1 tie, the second 2-2. Then Royals scored three goals in the first five minutes of the third before Flyers broke back with two goals for Royals while Dick MacNeil, latest addition to the Canadiens, scored the clincher in a brilliant performance to score the final goal for the Royals.

Against the Flyers, Knutson played three years with Ottawa Trojans of the OHA.

SASKATOON, April 18.—Edmonton lady bowlers at championships held here at the weekend did far better than the male representatives.

Porterfield's Arm In Sling

NEW YORK, April 18.—(AP)—Bob Porterfield, promising New York Yankee right-handed pitcher, spent yesterday in his hotel room with his salary arm in a sling.

Porterfield injured the muscle of his right forearm Saturday in an exhibition game against Brooklyn. After an examination in hospital, Dr. Sydney Glavin said the extent of the pitcher's injury could not be determined without further observation.

Stated to pitch Thursday against Washington, Porterfield will miss his turn. It may be two weeks before he will be available.

Edmonton won fifth in the mixed team event won by Calgary with a record breaking 9,432.

Regina Bounces Back Via 7-2 Win

Display Rock-Bound Defence While Drubbing Fort Frances

REGINA, April 18.—(CP)—Regina Capitals tied up their best-of-five Allan Cup semi-final series with Fort Frances Canadians at a game apiece Saturday night as they hit top form to defeat Canadians 7-2 before 5,500 fans.

Third game of the series—Canadians won the first game 3-4 in overtime.

The contest, like the first one, of the season, gave Regina a chance to show their rock-bound defence. In the first period Canadians resorted to long shots before the defence held them off.

Caps took command from the opening whistle. Lou Hauck and Sweden Schindler got first period goals. Chuck McCullough got the only counter of the second period and in the final session they outscored Canadians four to two.

Currie Back Without a Signature

Frank Currie, Flyers coach who landed off down east a couple of weeks back, returned home at the weekend. His point, variously described, among other things, search for talent and state holiday seemed him to take in a number of players.

He saw some of the games in the Ottawa-Sharbrooke Allan Cup playdown, and he had sampled the shenanigans when Barrie and Montreal Royals of junior circles had at each other.

Then to top it off the Flyers coach sat in the Brandon-Corby Allan Cup final at the weekend. He saw a few more games, and he really nothing more to report. He said last night, "I didn't sign any players."

He thought Ottawa Senators, at least before a recent wave of injuries left them short-handed, was as strong as last year when they took to Flyers in the Allan Cup final.

Ray Barrie, ex-Maple Leaf junior player with Sharbrooke, caught Currie's eye. He's a four-foot cup playdown, and he was said of the clever pivot, now Boston Bruins prospect.

Currie plans to return to Calgary for tonight's Brandon-Hallifax game. He's high on several players in such terms, particularly Ray Frederick, promising Brandon defenseman.

Abe Goldstein, not so long out of a European displaced persons camp, Sunday stole the singles events of the Edmonton Table Tennis tournament when he turned out to be a real contender.

Playing sensationally the 44-year-old Goldstein, who had been a professional player, defeated the defending champion, Marcel Janssen, 3-0.

New Equipment Is Boon to Farmers

History was made in the hay-field with the recent invention of the pickup-baler said C. W. Lockard, president of the International Harvester Company of Canada, who is visiting Edmonton in the course of a routine tour of the west.

He is accompanied by A. L. Elliot, vice-president in charge of sales.

The pickup-baler has been the most important development in farming equipment in years, said Mr. Lockard. It multiplies by three to five times the feed value of the hay. The hay is never touched by the pitch fork. The automatic baler became available to western Canadian farmers last year.

GOOD YEAR

A banner year for 1949 is predicted by the president. Already in the first five months of 1949 production has increased another 50 per cent which gives rise to optimistic predictions for the year's end.

"Even with production at its peak we're a long way from the day when the farmer can have immediate delivery on farm equipment," Mr. Lockard said. Some items have been made in the tremendous backlog of orders which has existed for the past seven years, but the demand still far exceeds the supply.

FARMER'S NEED

Policy of giving delivery according to seniority of order is giving rise to consideration of the farmer's need by him. Many farmers who are in no urgent need have their names on the list for tractors. Such cases he said are giving way to the farmer whose need is greater.

Maisie O'Driscoll Has Quiet Easter at Home

Little Maisie O'Driscoll, overjoyed at being home again, spent a quiet Easter with her family.

Back in Edmonton from Rochester, Minnesota, where doctors at the Mayo Clinic diagnosed the cause of her illness, the 10-year-old Calder schoolgirl is busy renewing old friendships.

With her camera, purchased in the States, Maisie yesterday took pictures of her sisters, Elsie and Simone. Her little dog, Tiny, would hardly leave her side, trailing her in visits to neighbors and friends.

LONG-LEAVE TREATMENT

As yet she does not know when treatment for her nervous condition by doctors at the University hospital will begin. Specialists at the Mayo Clinic will notify doctors here of all details connected with her case, and "long-range" direction from Rochester will begin.

Maisie herself is hoping to return to school when the new term commences. "I'll be going to be back," she said.

The 10-year-old child, who won the love and admiration of the people of Rochester by her pluck in facing long painful examinations by more than twenty doctors, is still pale and thin.

GRATEFUL FOR AID

Her mother is also showing the strain of the tedious examination period in Rochester, and of the trip home by air.

Again she had thanked all those who donated money to the fund which sent her little girl to the famous clinic.

"I shall never forget how wonderful everyone was," she said.

Housing Setup Here Blasted by Legion

Slashing attack on two members of the provincial cabinet was launched yesterday at a meeting of the Montgomery branch of the Canadian Legion.

W. J. Williams executive secretary for the branch and a former Veterans' member of the legislature, said at least two of the ministers "did not know what was going on in the province" on the question of housing.

Slung out for attack were Hon. David Lyle, minister of agriculture and Hon. C. E. Gerhart, provincial secretary.

The former was "inept" and the latter was "unscrupulous" when he was building a \$10,000 house in Edmonton's west end for himself, Williams said.

Mr. Williams was reporting on the reception given an Edmonton and the report given by the city which approached the government last week seeking provincial help to reduce down payment on NHA housing along similar lines to the addition of a street.

Only other member of the cabinet mentioned by name was Premier Ernest Manning, who was "agreeable as always," Mr. Williams said.

He said Mr. Lyle had suggested home construction on the city's part and that he had been told this year; the addition of a room each year thereafter.

Manning endorsed a resolution asking for aid from all levels of government to solve the housing problem.

DOZENS OF PERSONS flocked to the four-room flat in Syracuse, N.Y., Wednesday, to watch Anne Martin, 11, kiss the forehead of a broken plaster statue of St. Ann. They said they saw what appeared to be tears falling from the statue's eyes. A Catholic priest called it an "extraordinary occurrence."

By Dick Jackson
Edmonton Bulletin Ottawa Bureau

OTTAWA, April 18.—Big guns were booming on the pre-election front this week, but their echoes failed to disturb the serene loveliness of Parliament-Hill-without-politicians.

Lower in front of the Peace Tower were dappled in Spring green, the Ottawa river had shrugged off its winter coat of ice and was surging in a pale chocolate foam, laced with creamy foam. The House protective staff, rid of the importunities of constituents, came to the great main, had their hands full with the first influx of American tourists.

That was the surface picture. DEEPER CURRENTS

Underneath the bustling of blossoms and the first appearance of scarlet RCMP jackets, deeper, more significant currents were stirring. From National Liberal headquarters had come the word that Solicitor General Joseph Zeff would be replaced as the party's chief Quebec organizer for the Conservatives. George Hens, head of the Conservative Party in the New Brunswick-Montreal area, would arrive to make Nienke a province-wide campaign.

Authorizing the Liberal organizational change, Louis St. Laurent had shown that although Newfoundland might be the newest alone in the Confederation arch, Quebec was still the key.

ST. LAURENT WARNING
While George Drew was spending Easter Week quietly in Toronto with his family, the Prime Minister on his firing Western tour, had moved to punch through a second front against the party which George Drew headed.

He had issued, in all apparent seriousness, the warning that unless the floating vote went Liberal, a deal with the CCF might result. Taken in conjunction with the statement that the Prime Minister's frank statement this week that George Drew had taken the sting out of the CCF, the Prime Minister's statement sounded a little like saying "Watch out, or else!"

Meanwhile, there was at least one important piece of unshaken business awaiting the return of the Commons on April 25.

DREW'S PROMISE
George Drew had promised his weekly Parliamentary press conference he would continue to press for an explanation from Defence Minister Claxton on why Canada's defence forces had been reduced with 26 obsolete North Star aircraft. On past performance there was little chance the Opposition Leader would relent in his determination to get at the root of the "North Star Mystery."

Defence Minister Claxton had had two full weeks this time to prepare his explanation. But only parliamentary observers were of the opinion it had better be good.

Holiday Week-End Death Toll Is 20

Traffic Accidents Claim Lives of 11 in Dominion

By The Canadian Press
Canada's three-day Easter holiday week-end, though marked by unusually heavy motor traffic in cities and highways, had a relatively light toll of 20 fatal accidents. Eleven of the deaths were caused by traffic mishaps.

A Canadian Press tabulation showed 19 deaths in Ontario. Three persons died accidentally in Nova Scotia, two in both Quebec and New Brunswick, and one in each of British Columbia, Alberta and Saskatchewan.

No fatal accidents were reported from Friday morning to Sunday night in Manitoba, Prince Edward Island or Newfoundland.

BROTHERS DIE IN FIRE
Baby brothers, John Burns, two, and Nelson Burns, one, died in a fire at their home in Victoria, Feb. 18.

Friday's snowfall in Ontario was indirectly connected with the two other double fatalities.

Truck Driver Joseph Long, 47, and his nephew, Raymond Long, died four, of Port Dover, Ont., died when Long's truck skidded on a highway and ended in a ditch near Waterloo, Ont.

Near Mattawa, Ont., Mr. and Mrs. Samuel L. Smith, Ottawa, were killed during a snowstorm in a collision between the motor car in which they were riding and a truck. Stewart Smith, 35, identified by police as the driver of the car, was taken to hospital, and will later face a charge of dangerous driving.

DROWNING IN N.S.
At Virginia, N.S., Allan Burs, 13, drowned in a spring stream while at Camp Island, near Saint John, N.B. The body of a man identified as Edward Edward Burs, 35, was taken from the St. John River, he disappeared last Nov. 10—the day he was to be married.

At Edmundston, N.B., Edith Val, 35, was fatally injured by a Ford, 1935, which was driving on a highway in two Montreal deaths, Denis Tremblay, 14, fell from his bike into the path of a Montreal Transit bus and Roland Girard, 21, was struck by an automobile.

British Columbia had its first swimming death of 1947 when Bradley Shanks, 14, drowned at Boundary Bay, 35 miles south of Vancouver. Near Edmonton, Bob Case, 12, died from a bullet wound in his head while hunting with two other boys, Conway Skelly, 20, was struck by a car while riding.

Another satellite country diplomat had walked out of his Ottawa office this week, never to return. In throwing himself on the mercy of Canada's democratic government, he was given a 30-day visa and secretary at the Polish Legation had joined an impressive list of diplomatic personnel to escape from behind the Iron Curtain.

LIKE GOUSSENKO
Like Igor Gouzenko, most sensational of all the escapees, Zisk had spent much of his time in Ottawa (teaching the English language).

Zisk had been engaged to marry the acquaintance of Victor Podolski, former high Polish official who walked out when his country was over-run by the Reds. Podolski is now living and working in Ottawa.

Zisk said he had been "encouraged" by the warden of Francoeur, Quebec, former Czech ambassador who had elected to remain in Canada.

While at the legation, and waiting for a chance to get away, Zisk had housed himself with the presence of Polish citizens who had come to Canada after the war.

TOLD TO STAY HERE
The legation was most interested in Poles in Canada.

Zisk had told his compatriots in Canada to "think it over very carefully" before going back to their homeland.

High government sources said there was every likelihood the Polish diplomat would be allowed to remain.

Works Minister Fourrier had a tiger by the tail.

His suggestion in the Commons, just before adjourning, that a solution to scarcity of office space might be found by adding two stories to the Centre Block of the Parliament Buildings had aroused architects and patriotic groups across the country.

Bowing before the storm which his proposal "brought" had aroused, Mr. Fourrier was endorsing the idea of going "underground" not only architecturally, but in person.

Racial Discrimination Referendum Blocked

INDEPENDENT, Ont. April 18.—(CP)—A legal technicality today blocked a referendum on racial discrimination in this southwestern Ontario town, where the town of Runaway News slaves from the United States.

A vote had been scheduled for tomorrow on whether restaurant proprietors should be compelled to serve all persons, regardless of race or color.

Mayor Walter S. Wren said today the vote had been indefinitely postponed because "the law requires us to advertise the holding of a referendum three times in the local newspapers. The town council suggested to do that."

The referendum had been requested by the town's 300 negro residents who claimed three of the town's five restaurants discriminate against them.

Mayor Wren said the issue would be raised at the next session of the council, scheduled for the first Monday in May.

Directly across the street from the town hall is the legendary home of Miss Tom, where negroes from the southern United States was imprisoned.
